

# Drive Smart *from the Start*

So, you just got your license, and *you are so ready to hit the road.*

Driving is a whole new universe. You'll have to learn an entire new set of rules. GEICO recommends you keep a number of things in mind when you grab the keys and head out the door.

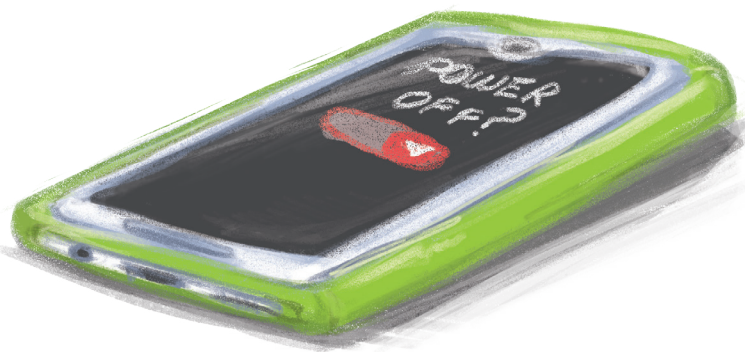

## Pre-trip checklist:

- Get a good night's sleep
- Grab a bite to eat
- Put on makeup, fix your hair, or shave before you go
- Have enough gas in your car
- Set your music playlists
- Program your GPS

## Once you're moving:

- Wear your seatbelt at all times; make sure your passengers do the same
- Leave your smartphone alone; switch it to silent or lock it away out of reach
- Keep music at a reasonable level
- Don't let passengers take your attention off driving
- Obey posted speed limits

**And above all, have a safe trip!**
